

IMPORTANT: YOU MUST PRINT THESE LABELS IN COLOR
Failure to print labels in color could result in the destruction of your shipment

DIRECTIONS FOR PACKAGING AND SHIPPING QUARANTINE MATERIALS UNDER PPQ 588, PPQ 546, PPQ 587 AND PPQ 525A PERMITS FOR IMPORTATION INTO THE UNITED STATES.

Unless otherwise instructed in the permit conditions, attach the GREEN/YELLOW label (PPQ 508) securely using clear/transparent tape to the EXTERIOR of the shipping package. Packages without labels on the EXTERIOR may be refused entry even if the labels are enclosed.

Place on the EXTERIOR OF THE PACKAGE the name and address of shipper and a statement of the contents.

Place within the package the permit holder name, delivery address, phone number, invoice, and, when required, a phytosanitary certificate.

THE LABEL WILL DIRECT THE PACKAGE TO THE PPQ PLANT INSPECTION STATION AUTHORIZED UNDER THE PERMIT. THE DELIVERY ADDRESS MUST BE THE SAME AS INDICATED ON THE LABEL OR THE PACKAGE WILL BE REFUSED ENTRY.

The package may only contain materials authorized under the PPQ 588, PPQ 546, PPQ 587 or PPQ 525A Permit. It will be refused entry with possible civil penalties if unauthorized materials are included.

DO NOT WRITE ON, MODIFY, OR DEFACE THESE LABELS. These labels cannot be reused or duplicated for additional shipments. Each individual label will have a distinctive barcode. Underlying packaging/wrapping must carry the address, a prepaid delivery waybill, carrier account number, or postage must be included and any other information required to direct the shipment to its final destination. USDA APHIS does not defray any additional shipping costs for transiting the shipment through an inspection station as the initial US destination.
